A family is a group of people who care for and support each other. The family comprises of parents, siblings, grandparents, uncles, aunts and cousins who live together or share close bonds. Families exist in various forms and can be big or small. The different types of families are nuclear, joint extended, single parent. A family tree is like a big web chart that shows how our family members are related to each other. It helps us understand who are our ancestors, where and how we are connected to them.

4. Write how Pranayam is helpful for us. Write at least 5 lines on it and draw any 3 Pranayam postures. (in class work copy)
