ENGLISH STORY

The Cat and the Fox

A cat and a fox were good friends. One day, they argued as to who was smarter. The fox boasted, "I know many tricks! I can jump, I can dance, I can stand on my two legs, I can swing on my one leg, etc." The cat knew only one trick i.e. to climb up a tree. While they were arguing, they heard gunshots and the sound of hunters. The cat quickly climbed up the tree near by while the fox tried all his tricks. But, none of these tricks worked and the hunters soon caught him.

Moral: Know your capability. Do not boast beyond that.
